Borough's Clean-Up Week Has Good Results—Firemen Open Big Fair—Five-Foot Sturgeon Caught in Fishing Pounds.

Road Supervisor Ellihu Chesbro has laid out a new drain from the corner of North Main and William streets, under the tracks of the Groton and Stonington electric road, which was dug by the town street cleaners. A ten-inch drain pipe was laid from the north gutter on Williams street, under the roadway, to connect with the gutter running on the west side of Main street south to the railroad. This drain will take the water from Cutler, Main and Williams streets.

Since Tuesday the borough white wings have been putting the streets in order for the summer. The start was made at the borough line on Water street, near the Watch Hill wharf, clearing the gutters and making the roadway ready for the coming hot weather.

The work of putting the street in order has been delayed this season by the new sewers in several of the streets in the borough.

Complaints having been made in regard to the unsanitary conditions of the drains at Orchard street, Warden C. B. Randall and Street Commissioner W. P. Dindles have made an investigation and found that several sewer pipes were discharging into the ditches leading through that locality.

It was decided to stop the drains at Orchard street, from the Seider property to the Woodward Saunders lane and build a paved gutter over the roadway for the surface water from Hyde and Orchard streets, at the same time closing all sewer pipes, and have the ditches through the railroad lands cleaned to the channel leading into Little Narragansett bay, near the railroad junction.

# SCAP COVERED WITH WHITE SCALES

Itching Terribly. Hair Came Out. Terrible Lot of Dandruff. Scales Would Fall on Coat. Scratched Until Made Big Sores. Cuticura Soap and Ointment Cured Him.

5 Brewer St., Newport, R. I.—"My husband had eczema for six months all this time taking medicine and using salve not doing him any good. The trouble grew worse. It started with red shining spots all over the scalp covered with a thickness of white scales itching terribly. His hair came out and he had a terrible lot of dandruff. The white scales could be seen in his hair as they peeled off and would fall on his coat. He would never stop scratching until he made big sores all over his head."

"I washed the scalp in warm water and soap, but this only made it worse, the red spots growing larger until they covered the whole scalp, coming down the forehead. I got one cake of Cuticura Soap and two boxes of Cuticura Ointment. I washed his head in as hot water as he could stand, using plenty of Cuticura Soap. This would take all the dry scales away leaving red spots. After rubbing the hair dry I applied the Cuticura Ointment to the scalp and hair would stop the itching at once. After two weeks' treatment he was completely cured."

(Signed) Mrs. O. L. Ekland, Dec. 7, 1911. Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

25¢ Tender-faced men should use Cuticura Soap shaving stick, 25¢. Sample free.
